Royal Mail Group– Wholesale Letters

Wholesale Incentive Product Codes

We continue to explore options to enable incentive credits to be applied at the point of sale. We have created a set of incentive product codes.

Please note that these product codes are not yet live however we have made them available in this document so that you can implement them within any system changes you may be currently making, for future use with our Access services. We will let you know once the product codes are ready for use.

Service	Code to be used on Manifest
